Membership information

As a member you will be signing up to become a Volunteer and a Model Engineer at The Hereford Society of Model Engineers Ltd.

You will be expected to bring to the club a skill that will benefit its development. If you are accepted as a member by the Committee, you will be issued with a Membership Card and number. This will be reviewed every Year.

Your Fee will be used to pay for utilities, such as Electric, Water, Gas, Alarms, Fire extinguishers, free tea and hot soup in the winter and your Club magazine.

Your Membership Card is NOT a family ticket to ride the trains, it entitles the card holder to occupy one seat only in non-busy or quiet periods. That means the times when there are NO paying public waiting for a ride.

Your Skills will be needed on a Tuesday Work Day from 9am to 2.30pm for the maintenance of the site, Saturday morning Training of our Young Engineers and Sunday Public running days, which are the second and last weekend of the month.

Duties on a public running day will include (but are not limited to):

Car parking, Guards, Drivers, Station staff, Signalman, Gate keeper to the pond, Elevated track staff. Wives and partners are encouraged to volunteer to help in the kitchen.

We also attend other events around the Herefordshire area which require members assistance.

We have winter talks, and the chance to show off your engineering skills with things you make at home, a Christmas social party and an annual club dinner.
